Total Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Hull Configuration: Deep Vee

Engine Information

Engines: 2

Manufacturer: MAN

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Walk Through

The Predator 60' was one of the most successful models of the world class shipbuilder Sunseeker. With her magnificent lines and excellent sea keeping abilities, **Legacy** is ready to provide her third owner with many years of unadulterated pure fun on the water.

Stepping onto the teak clad, large, **hydraulic** swim platform, or if med moored, using the passerelle, one heads up to the extremely comfortable seating area of the cockpit. Located to port there is life raft storage and wet bar and barbecue. Of course, in following the tradition of Sunseeker, there is a super lounge pad, just perfect for sun seeking or simply watching the boats go by, located aft of the circular seating and dining to starboard. There is a cavernous water toy garage located below the circular sun pad. One of the most desirable factory installed options is the retractable sunroof, providing glorious sunshine or moonlight while you and your family are enjoying factory installed air conditioning. Forward and to starboard is the fully equipped helm station that makes one feel like you are either driving an exotic race car or flying your private air craft. All controls, including engine synchronizer, bow thruster, engines and windlass, are at your finger tips.

As you step down into the luxurious salon and galley areas of **Legacy**, you will ask your self, "Is this really a pre-loved yacht?", as her high gloss, exquisite, cherry woodwork is factory fresh. To port is a galley that was designed with the maximum amount of both storage and working space for the sea going chef. Below counter Sub Zero freezer, fridge and ice maker are hidden behind perfectly matched cherry covers. There is a dedicated, specially designed drawer for the set of Sunseeker flatware as well as a hidden cabinet complete with a full set of Sunseeker dishes located above the 2 burner cook top. In the finest Sunseeker tradition, both the cook top and the sink are counter sunk and hidden behind covers. An entertainment center with flat screen TV is also located aft to port in this area so as to be easily viewed by anyone lounging on the opposite settee or partaking in a gourmet meal. There are opening port lights, opening overhead hatches as well as abundant storage in this area. The custom liquor cabinet and glass storage is located opposite the entertainment center.

Turning and facing aft there are two twin staterooms that share a head with a separate stall shower, electric flush head and opening port light. . This head is located perfectly near the bottom of the companionway stairs so it also doubles as a day head.

Both twin staterooms have individual air conditioning controls and entertainment systems.

Proceeding all the way forward, you find yourself in the custom ordered master

stateroom with island berth, The original owner was able to increase the size of this stateroom when he ordered this Predator. An en suite head provides the owner with an oasis away from the rest of the family or guests. Two hanging lockers, opening port lights, individual ac controls and entertainment system allow you to rest in total privacy.

Galley

- Under counter Sub Zero refrigerator and freezer
- Microwave
- 2 burner electric cook top that has not been used by this owner
- Coffee maker

- Abundant 110V outlets throughout the yacht and cockpit
- Remote cockpit battery switches
- Alternator split charging system
- Additional lighting in engine room

Remarks

It is very rare in this day and age to find such a well maintained and well loved yacht that has been enjoyed by a family and friends and still shows like new. **Legacy** has benefited from an extremely knowledgeable yachtsman who is addressed as Admiral in his yacht club due to his fleet of yachts which each have a designated purpose for he and his family. I think that he personally has kept a substantial percentage of his local marine technicians gainfully employed. **Legacy** has served this family well with many pleasurable days spent cruising both Long Island Sound and the waters of Florida. But as kids mature and the next generation shows up, the need for a larger yacht has arisen. This is the perfect time to obtain a truly turn key yacht in excellent condition both mechanically and cosmetically.

As one heads down the dock towards **Legacy**, the first thing that strikes you are her extremely beautiful lines. She looks like she is doing 60 sitting at the dock. Just bring the fine wine and your bathing suits.

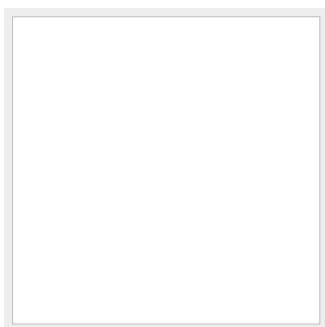

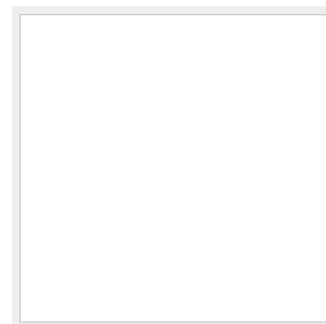

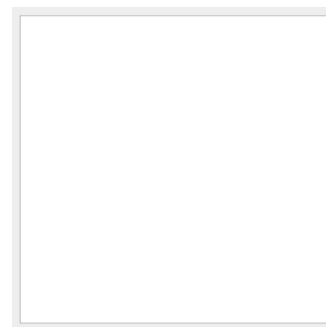

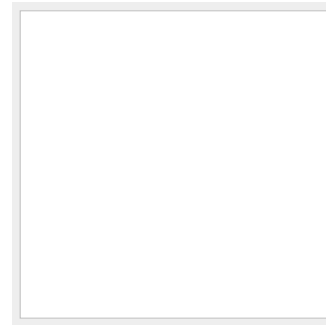

Exclusions

Owner's personal belongings.
