SPECIFICATIONS

Overview

Blue water sailing is a concept that encompasses a philosophy. The dark deep blue waters are typical of oceans, far from any shelter. ICE YACHTS designs and builds boats to navigate off-shore with no limits. Originally CNG, then C.N. Yacht 2000 ICE Yachts was finally formed at Alpa, one of the most famous Italian boatyards of all time. Dozens of boats that were built for blue water cruising can still be found sailing the seas today. For example, the ULDB designed by Bill Lee, or Nastro Azzuro, winner of the Columbus Celebrations in 1992, as well as the latest designs by Vallicelli and Felci.

The brand ICE YACHTS inherits the knowledge, facilities, and the experience of the past and adds a clear vision of the future. The objective is ultimately to combine the best of the 'Made in Italy' lifestyle and taste, with technologically sound construction and the features of a real blue water yacht. SUENO is an evolution and update of the proven 61 model by Felci, which excelled in numerous off-shore international regattas, including the legendary Trans-Atlantic Crossing Rally, the ARC. All the materials, construction, components and equipment of ICE 62 combines to provide maximum safety and comfort, as well as top level performances.

Comes with 2 years warranty from the shipyard.
