10. COMMENT

The stylish appearance of this sleek, sporty yacht with her streamlined form makes this stunning yacht the object of many an envious look as HERCULES I races through the Mediterranean waters at an exhilarating 30knots.

Clever design packs a heap of features into this gorgeous yacht. The interior of the luxury charter yacht is a blend of high quality materials providing charter guests with a relaxing, understated living space. The main saloon and dining area adjoins the aft deck and has a sliding hard top roof.

HERCULES I can accommodate up to 9 guests in four en-suite staterooms – all of them very well sized, well decorated and comfortable. The two double cabins fill the bow of the yacht, aft of which is a spacious twin, while aft again the particularly spacious master fills the full beam of the yacht and offering a twin basin shower room en-suite. Not bad for a luxury charter yacht whose horsepower-packed engine room fills almost a third of its hull.

With the added advantage of a heated Jacuzzi spa bath which, with its cover in place, doubles as a sunbathing bed on the aft deck. Just forward is a pair of L-shaped

settees on which to lounge the afternoon away, with the option of retreating through wide glazed doors into the air-conditioned comfort of the deck saloon if things get too hot. She really is the perfect choice for summer yacht cruising.

Exclusions

Owner's personal belongings.

Disclaimer
