ХАРАКТЕРИСТИКИ

Обзор

Owner financing available! ARTHUR'S WAY is the largest yacht in her class, with as much interior volume as many 100' yachts. With exterior styling that is sure to make a distinct statement in any port of call.

Arthur's Way was built in GRP by Australian yard Oceanfast to a design by Austal Ships with an interior by Sam Sorgiovanni and delivered in 2000. Her expansive interior accommodates up to 10 guests in four staterooms and all have television sets, entertainment systems and en suite bathroom facilities. Arthur's Way has a spacious full-beam main saloon with large windows on three sides flooding her with daylight, ample relaxation areas and a 42 inch television set. Her formal dining area forward has seating for 10 guests.

A thorough refit in 2010 included a full repaint of her hull and superstructure, the installation of LED lighting throughout and an MTU W5 service was completed on both engines. Further upgrades were carried out in December 2012. Twin 1,145hp MTU engines give her a cruising speed of 13 knots.

Arthur's Way's interior layout sleeps up to 10 guests in 4 staterooms, 1 VIP stateroom, 2 twin cabins and 2 pullman beds. She is also capable of carrying up to 3 crew onboard to ensure a relaxed luxury yacht experience. Timeless styling, beautiful furnishings and sumptuous seating feature throughout her living areas to create an elegant and comfortable atmosphere.

Arthur's Way's impressive leisure and entertainment facilities make her the ideal charter yacht for socializing and entertaining with family and friends. She features an ultra-modern stabilization system to reduce roll motion effect and ensure the ultimate comfort throughout your charter vacation. Powered by twin 1,145MTU engines with a cruising speed of 13 knots, a maximum speed of 18 knots and a range of 430nm from her 8857gallons fuel tanks, she is the perfect combination of performance and luxury.
