Overview

Located in Sardinia this Ferretti 881 presents innovative design solutions made to optimize the spaces and the brightness of the different cabins. One of the best features is the new layout of the master cabin which presents two large open-view windows on both sides making it an incomparable suite in terms of spaces and light. Located wide in the central part of the hull, the master-cabin faces the direction opposite to the navigation, and allows the ship's owner to enjoy a unique view of the sea lying down on the bed or in the Jacuzzi.
