## Overview

---

If you are looking for an affordable mid-range boat that's got it all, then the Bushwhacker might be just what you are looking for. With a major overhaul in 2013, many recent upgrades and the right mix of fishability and comfort, this 38 Special is a boat that will serve all purposes. Roomy and rigged up in the cockpit and helm area she feels like a much bigger boat. The offset helm, air conditioning and smart layout makes it easy for the whole crew to come and go, relax in comfort, fish around each other and never be in the way. Down below, the well appointed galley and large dinette makes for a nice area to prepare meals, kick back on the ride out or take a mid-day nap. With a full size head and separate shower stall, extra-wide V-berth stateroom and cabinets, drawers and closet space abounding, this boat is great for day trips, overnights or live aboard travel. She is powered by a set of economical 3208 Caterpillars and with plenty of fuel, fresh water and an 8KW generator this rig is ready to go. She has been owned and operated by a seasoned crew who have maintained her well and enjoyed a successful run up and down the mid-Atlantic area. They are upgrading soon and making the Bushwhacker one of only a couple 38 Specials available. Give us a call!
