- Custom dark metallic gray paint
- New windshield
- New wood floors and carpet throughout
- New furniture and customized soft goods
- Custom entertainment and sound system by Waves and Wheels 80,000 Watts
- Custom LED light system throughout by Underwater Lights Limited
- Brand new jet tender by Ribjet U.S.A.

VESSEL WALK-THROUGH: The 64 Pershing offers fantastic performance of 44 kts in a very comfortable three stateroom three head layout. The master stateroom is full beam with oversized hull side windows adding wonderful natural light and ocean views. The guest stateroom forward (VIP) is a full queen bed with plenty of storage lockers and ensuite head. The third stateroom to starboard is a side by side twin arrangement with plenty of room for adults. Finally, the crew quarters is accessed from the aft deck with good size bunk and full head.

A brief description of a walk thru as you board the stern of the boat is a large oversized swim platform to help deploy the tender from the garage as well as easy access for any swimmer. From there you can walk up either port or starboard symmetrical transom steps around the large sunpad with head rest and storage. From within the stairs a passerelle is housed for boarding from traditional non floating docks. In front of the sunpad, a large couch that can seat several people facing forward, to enjoy the high speed rides with your feet on the deck. Just forward is an aft facing L-shaped lounge with table that also can accommodate several people. A side board wet bar with BBQ grill, sink and refrigerator is a long side port. Perfect for outside entertainment. And with a touch of a button the glass aft bulkhead and door drop down into the deck, opening seamlessly into the salon area, allowing you to walk from teak decks to hardwood floors and leather furniture complete with Bose multi zone AV system throughout. Two sunroofs both on the aft deck and salon add to the fresh air open feeling to let the sun or starlight shine down. The galley is kept out of line of sight, located forward to port just a few steps down but still retaining the open ceiling just under the forward windshield. All natural colors keep the interior feeling spacious and inviting. Forward to starboard is the helm with complete 360 views and ease of handling with bow and stern thrusters. Overall a great use of space, being fully equipped, all in a 64 high speed motor yacht with full Sat phone & TV and watermaker too. **EQUIPMENT:**
