# DETAILED INFORMATION

---

## 44 Meridian

---

### Manufacturer Provided Description

In designing the 441 Sedan, Meridian's team of naval architects developed a new hull, deck, bridge and shearline. This design features a more aggressive profile and hull-side windows for the guest stateroom, easier bridge access, better topside accommodations, and more natural light and woodwork in its interior living spaces. The 441's wide-open floor plan ensures smooth flow and unbroken lines of sight between the salon, the yacht's dedicated dinette and the full-service galley. What's more, Meridian has further enhanced its signature integrated two-tier window system to ensure improved visibility from all these interior areas. Plus the 441's impressive two-stateroom, two-head layout provides a gracious master suite, located forward with a queen-size island berth with innerspring pillowtop mattress. The spacious amidship guest stateroom, which spans the yacht's beam, features a double berth, thoughtfully appointed vanity and settee and plenty of storage.

### Salon

As you enter the salon you get a warm welcome feeling. The interior décor wood package blends perfectly with her light neutral colors and fabrics. To add to the versatility of this area the solid cherry wood table is a high-low table. The TV has been upgraded to a larger, newer unit. The large and comfortable U-shaped dinette is located forward of the salon to starboard.

There is a huge utility room with access from the salon. This area provides a storage room not found on any other boat model in this size range. If you plan to do long range cruising, this area will be even more appreciated.
