SPECIFICATIONS

Overview

The Q 44 is focused on multiple use elegant cruising for a couple with the added abilities to be a fishing boat, family day-yacht, entertaining, diving and lounging. The boat is built on the 44 Coupe hull with full walk around capabilities. The bridge and lounge seats are accessed through port and starboard entries while the entertaining will be focused around the island style outdoor galley. Just aft, the cockpit opens to a lengthy, full-beam swim platform offering an enormous, water level deck to enter and exit your favorite remote cove. The bow will serve as a second entertainment area with safe access, forward seating, lounging and hull-side storage space. Optional Mediterranean sun shades fore and aft keep the sun at bay.

The Q 44 may be optioned with Volvo Penta's IPS system, complete with joystick driving and glass cockpit or a traditional straight drive system at a later date. Performance will be very similar to the Tiara 44 Coupe with a confident cruise at 25-30 MPH and a top end of 35 MPH with the Volvo Penta package.

A simple and elegant cabin with a queen berth features a pantry style galley with basic cooking necessities including a microwave, coffee maker and refrigerator. An ample prep area and large pantry conveniently serves guests and owners. Hard woods, architectural finishes and modern fabrics add to her luxury below.

Everything you love about the COUPE series, the great lines, the outdoor/in living and layout, the advanced glass cockpit and the architectural interior translates to the new Q 44 packed with quality and luxury.
