SPECIFICATIONS

Overview

Dramatic \$45.0000 price reduction! Owner says to sell NOW and has reduced the price to encourage immediate offers!

The 55' Cheoy LRC is known for its voluminous space to accommodate guests in four staterooms for a comfortable extended period aboard. Blue Bird is currently owned by a lifelong sailor who has spent winters aboard in the Bahamas since his ownership 4 years ago. The owner has done detailed upgrades and maintenance to this very practical trawler. Blue Bird shows very well for her age, has numerous unique features and is ready to anywhere her next owner desires. Probably one of the most economical yachts for cruising the Bahamas, the Great Loop, and the PNW.

Although previously USCG documented, this vessel is currently flying a British flag and not for sale to US residents while in US waters.

Basic Information
