SPECIFICATIONS

Overview

BROKER'S COMMENTS Light Lana is a sleek and professionally maintained Oyster 54 ready to sail away. Her modern, easily driven hull is very striking in metallic grey, and her safe centre cockpit means she is easily handled by a couple. She is perfect for either long term world cruising or simply pottering around in your favourite bays. Her standard of maintenance has been very high due to the fact that she has a full time live aboard skipper, which means she truly is ready to go. Her well thought-out oak interior is extremely spacious for her size and offers six berths in three cabins, excluding the saloon.
