SPECIFICATIONS

Overview

The 323 Cuddy is built fuel-efficient and family-friendly from bow to stern. For starters, the space-saving head swivels out from under the step with the touch of a button, converting the entire cuddy cabin into a spacious private retreat. And there's great comfort in knowing that the unique hull design makes the 323 Cuddy the smoothest, driest, fastest Intrepid ever to hit the water.

The fuel-efficient, family-friendly features just keep on coming – with a pop-up console electronics display and our signature luxury lounge seating. When it comes to performance, you can expect exciting design, engineering and wood-free fabrication techniques that deliver an unparalleled boating experience. Intrepid's high standards and customer care program delivered the most carefree and convenient boat-owning experience imaginable.
