## Обзор

**BROKER'S COMMENTS** The Oyster 53 was designed to carry a family across the Worlds Oceans in comfort and safety, whilst being easy to handle by a couple. Jarina benefits from a comprehensive specification of upgrades for long distance cruising. Beautifully finished below decks in hand-crafted teak joinery, with 6 berths in 3 cabins and a large sail locker forward. Early viewing recommended. **OWNER'S COMMENTS** I have had the most fantastic 12 years of sailing on "Jarina" with my family, friends and on my own. So many highlights that it is impossible to mention them all, in actual fact every trip I did was an amazing highlight. I have sailed, motor sailed and motored in stunning weather and also in extremely bad weather over 30000nm including two Atlantic crossings and never was I worried about the safety of the crew or "Jarina", she is just absolutely amazing. If I ever do buy another yacht it will be nothing but an OYSTER.
