

HIGHLAND-35 — FOUNTAINE PAJOT

Судостроитель: FOUNTAINE PAJOT

Год постройки: 2005

Модель: Катамаран

Цена: ЦЕНА ЯХТЫ ПО ЗАПРОСУ

Местонахождение: United States

Длина общая: 35' 0" (10.67m)

Ширина: 14' 6" (4.42m)

Макс. осадка: 3' 0" (0.91m)

Купить **Highland-35 — FOUNTAINE PAJOT** а также выбрать подходящую вам яхту из нашего **каталога яхт** вам поможет опытный яхтенный брокер Андрей Шестаков. На сегодняшний день компания **Shestakov Yacht Sales Inc.** имеет большое количество яхт в **собственном списке продаж**, а также тесно сотрудничает со всеми крупными **яхтенными производителями** по всему миру.

Для того чтобы купить яхту **Highland-35 — FOUNTAINE PAJOT** а также проконсультироваться по любому вопросу связанному с покупкой, продажей, чартером яхт позвоните по телефону **+7(918)465-66-44**.

ХАРАКТЕРИСТИКИ

Основная информация

Тип судна: Катамаран

Модельный год: 2005

Год постройки: 2005

Страна: United States

Размеры

Длина общая: 35' 0" (10.67m)

Ширина: 14' 6" (4.42m)

Макс. осадка: 3' 0" (0.91m)

Корпус и палуба

Материал корпуса: Fiberglass

Информация о двигателе

Двигатели: 2

Производитель: Volvo

Тип топлива: Diesel

ПОДРОБНОЕ ОПИСАНИЕ

Dimentions and Specs

Length : 35 ft 10.75 meters Beam : 14.60 ft 4.45 meters Draft : 3. ft
 0.95 meters Water tank : 75 US gallons 285 liters Diesel tank : 2 x 105 US gallons 2x400 liters

Holding 12 gal 45 liters Displacement unloaded : 12,600 lbs
 6.3 T Portside : 2 double cabins Starboard : 1 double cabin and 1 bathroom Architects : Joubert-Nivelt

ENGINES

Motors : 2 * 75 HP VOLVO Diesels CV/HP D2

Engine hours - 902 Port, 944 Starbd

Cruising speed 8 kts max speed 16 kts

Range : 1000 Miles at 8 knots

ACCOMODATIONS

FULLY AIR CONDITIONED

THREE PRIVATE CABINS

OWNER'S CABIN: - in Aft section of Starboard hull

Queen berth - Hanging locker - additional storage lockers and shelving · Access through wooden door · Double bed (approx. 1.40 x 2 m) · Large front-accessed stowage space · Spacious closet with hanging space and shelves · 1 coat hook · Ventilation via hull porthole · Curtain on porthole · Main lighting - 2 halogen lights and 2 bedside reading lights Dressing closet : · Access via stairway · closet space · Bookshelf · Technical area · 1 coat hook · Main lighting -1 halogen light Bathroom : · Access through wooden door from dressing closet · Counter top with built-in washbasin · Stowage shelves and mirror · Hot and cold water, mixer tap, and built-in shower · Hand-operated marine toilet (large) with holding tank · Bathroom accessories (toilet tissue holder + towel rail) · Shower drained by electrical pump · Ventilation via 1 deck hatch · 1 neon light

GUEST CABINS - (2) Identical guest cabins in Port hull, one Fore, and one Aft

Double sized berths - hanging lockers - additional storage lockers and shelves

Aft cabin · Access through wooden door at bottom of companionway · Double bed (approx. 1.40 x 2 m) · Large front accessed stowage space under bed · Large closet with hanging space and shelves · 1 coat hook · Ventilation via hull porthole · Curtain on porthole · Main lighting - 2 halogen spotlights + 2 bedside reading lights
 Passageway : · 1 coat hook
 Forward cabin · Access through wooden door at bottom of companionway · 1 closet with hanging space · Double bed (approx. 1.15/0.60x2 m) · Stowage space under the bed, front access · Shelf on one side of bed · 1 coat hook · Ventilation via deck hatch · 1 halogen spotlight + 2 bedside reading lights

Separation of living areas This Trawler Catamaran has been designed to separate the social and private areas for optimal space and serenity. Socialising and entertaining can be enjoyed in the spacious saloon and galley, which feature panoramic views, quality furnishings, abundant storage and easy integration of lounge and cockpit areas. The main decks are designed on one level so no steps up or down are required for entry from the cockpit to the main saloon.

Tranquil and private cabins

Cabins for the owner and crew are very private due to the twin hulls, with no single bulkheads required between the cabins. Fore and aft cabin arrangement offers true threebin version without compromising space and storage. Each cabin enjoys generous dimensions, great headroom, wide passageways, and is situated well away from the engine rooms, ensuring they are quiet and fume-free retreats. The cabins feature excellent ventilation systems and natural lighting, courtesy of the generous portholes. There is also spacious access to the large beds.

Saloon:

All new interior cushions · Saloon accessible through 2 full length sliding glass doors + 1 non-opening panel · Panoramic view through non-opening picture windows · 1 wooden table and bench seating for 8 people · Wooden stowage unit under picture windows : stowage space with shelving, space for refrigerator · Stainless steel cable on edge of port polyester top · Stainless steel hand rail on bench seat back rest · Ventilation via 1 front-opening hatch on roof + 1 deck hatch · Curtains on starboard and port aft side picture windows · Curtain on cockpit entrance bay window · Lighting - 5 halogen spotlights
Galley: · U-shaped kitchen · Gel-coat work top · Synthetic resin serving hatch through to cockpit

· 12V 1101 refrigerator

· 1 stainless steel sink Ø300mm · 1 draining board · 1 trash compartment accessed from top · Hot and cold-pressure water faucet · 1 stainless steel 3 burner gas stove with saucepan holders · 1 microwave oven · Stowage under microwave oven · Stowage behind worktop · Stowage locker under worktop · 1 cupboard under sink · Ventilation via 1 opening side port light above hob · 2 x halogen spotlights

Electrical and Electronics

ELECTRICAL:

30 Amp Shore Power

110v Electrical circuit -

Inverter

Battery charger

12v power circuit : · 1 set of onboard batteries to port, port engine 300A/h · 1 starboard engine battery 100A/h · Each set of batteries recharged via engine alternator 115A / 12V · Manual back-up link between both sets of batteries · Remote control battery trip switch in saloon 12V electricity distribution board : · General 12V electricity distribution panel protected by breakers · Voltmeter for the 2 groups of batteries · Free sockets for additional equipment

ELECTRONICS:

Autopilot

GPS - Chart plotter

Depth Sounder

Speed Log

Compass

VHF radio

ENTERTAINMENT:

TV

DVD Player

CD Player

AM/FM Stereo

Cockpit Speakers

Mechanical

Motors : 2 * 75 HP VOLVO Diesels CV/HP D2 (600 hours)

Engines and transmission: · 2 x 75 hp engines · Engines with electrical throttles · Hydraulic gearbox · Direct Ø35 mm high-resistance stainless steel shaft drive · Lubrication-free shaft seal, water-cooled via a thru-hull skin fitting · 2 three-blade propellers · Saltwater filter · Engine cooled via heat exchanger · Control panel with twin engine controls at helm post

Fuel circuit by engine : · 1 diesel tank · 1 electric gauge · 1 fuel pre-filter/water separator with alarm · 1 fuel engine filter · 1 fuel shut-off valve with remote control

FULLY AIR CONDITIONED w/REVERSE CYCLE HEAT

Electric -Automatic bilge pump, and Manual bilger pump

Electric windlass

Plumbing · 1 x freshwater tank with electric gauge · 1 electric pump and pressurized storage tank · 1 water heater (24l) · 1 electrical automatic bilge pump (2m³/h) in each engine hold · 1 electrical bilge pump (2m³/h) and drainage in each hull · 1 hand-operated external bilge pump

Hull and Deck

Dinghy Davits Aft

Swim ladder

COCKPIT

· Spacious cockpit (2m x 4m approx.)

Cockpit dining table Cockpit shower

· 1 cupboard for bottled gas under gangway steps · Large locker under flying bridge · 1 waterproof 12V outlet · 2 watertight spotlights 2 technical holds · Access via polyester deck hatch equipped with hydraulic struts in cockpit 2 engine holds · Separate engine room · Access via technical hold · High-performance sound proofing · 1 neon light

FOREDECK

· 1 big locker separated into 3 compartments (2 x mooring gear + 1 stowage space) · Vast sun deck (4mx1.50m approx.)

FLYBRIDGE

All New Flybridge Cushions

· Access via exterior polyester staircase · 1 hand rail on access to flying bridge · Helm station · 1 canvas helm station protective shield · Double helmsman's seat with backrest · Large instrument panel · Bench seat for 5 people next to the helm station · Altuglas windshield on flying bridge · Navigation lights · Sun bathing area on aft of flying bridge (2.20mx1.40m approx) with mattress · Fold-down mast with mooring lights · Flagpole

· Hydraulic helm system with trimmed steering wheel · 2 rudders linked via hydraulic circuit · 1 steering compass · Windshield wipers with cleaning fluid · Rigid stainless steel guard rail and pulpit · A stainless steel handrail on aft cockpit coming · 2 gates leading to transoms · 1 cold deck shower · 1 swim ladder + 1 handrail · 2 Dinghy davits · 6 mooring cleats (2 foredeck + 2 midships + 2 aft) · 4 fenders · 2 x 15m long dark blue mooring lines · 1 x 1000W electrical windlass protected by breaker · 1 mooring cleat on forward bulwark · Anchor exit under pod with built-in bridle · Anchor davit · Anchor access under polyester deck hatch under forward sundeck · 1 mooring roller on forward bulwark · 4 fixing padeye for life raft

Safety and Certification

Boat EU certification : category B: 8 persons, category C: 12 persons

. Safety

Unsinkability and beachability

Trawler Catamarans have been designed to sit on their hulls without any damage to her propellers, shafts and rudders due to fixed skegs. These skegs are also designed to protect the propellers, shafts and rudders and preserve the safety of the vessel in the event of an impact at sea. Twin engines in separate hulls offer peace of mind in the event of a hull taking on water due to grounding or a collision. This is a feature not possible in a monohull without major engineering works.

COMMENTS

Low fuel consumption

Her outstandingly low fuel consumption is a primary attraction for many buyers who recognise the savings represented by the vessels' long range. She offer a minimum of 40 percent reduction in fuel consumption when compared to the performance of a similarly-sized monohull.

The reduced drag created by the two hulls plus the efficient wave-piercing action

contributes to greatly reduced rates of consumption, and extended range – up to one thousand miles with standard fuel tanks .

2. Exceptional performance, stability and comfort

She is renowned for her superior performance in challenging conditions, while maintaining excellent stability and comfort while underway. Higher speeds are achievable in tough conditions due to the semi-displacement hull design. More of the hull remains in the water at higher speeds, softening the ride and reducing stress on the hull from wave impact.

She also offers generous freeboard with reinforced hulls and bows to handle the toughest offshore conditions. The hull design offers an impressively dry deck at sea and a stable ride with minimal bounce and roll in dangerous and uncomfortable conditions.

Unlike many of its competitors, she are pleasantly quiet, with engines housed with their own dedicated access.
