Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

OVERVIEW

The My Toy II was built by a very knowledgeable boater. He worked directly with Luhrs to build the nicest most customized vessel to date. The vessel has always been captain maintained.

This Luhrs 35 Convertible is built on a deep-V hull designed with generous flare at the bow and a big beam who delivers an impressive blend of solid construction and roomy accommodations. Why she is one of the finest and huge 35 in the market, its 38' long and a 14'6" beam.

Once on board you immediately notice the large cockpit custom mezzanine seating with plenty of room to move about when you're landing today's catch. With four rod holders, outriggers, tackle drawer center, fish boxes, raw and freshwater wash-downs, she is ready to fight 'em.

Enter into the salon and you're surrounded by natural light streaming in from large side windows. To starboard is the DC panel and a sofa along with the entertainment center. Port has a dinette and galley. There is teak and holly flooring throughout.

Walk three steps down, the head with separate shower stall is to starboard and the guest stateroom is port side. Forward is the master stateroom with a pedestal berth, hanging lockers and drawer storage. Walk the stairs up to the flybridge and you'll notice the great use of space. Hidden away forward is a massive area to store rods, reels and additional fishing gear plus two storage areas for other gear. Forward of the helm is the couch seating.

The bridge has a hardtop that completely encloses. The helm is large with plenty of room for two Raymarine E120 radar/GPS plotter and Raymarine VHF. The flybridge has an ice maker and six rocket launchers.

This is truly a well-cared for yacht that you would be proud to call your own. Don't miss out.

Recent price reduction makes this the next 35 to sell! Quality center console boat trades considers.

SALON
