## Overview

---

This Marquis 720 is an expansive and substantial vessel. It offers opulent living accommodations on three separate decks providing the owners and their guests with a widely variable selection of living and entertaining environments.

The Marquis 720 salon will likely be the place for social gatherings and evening dining. The adjacent gourmet galley and serving center is situated on the same floor level as the salon. This is a feature that is difficult to find in other brands of yachts but certain to be appreciated by those considering the Marquis 720.

Three separate staterooms (a fourth stateroom is available) and three head compartments (all equipped with dedicated showers) are situated below decks. The owner's stateroom uses the yacht's full 18'4" beam to provide a true yacht grade living environment.

A unique feature on the Marquis 720 is the cabin located off the yacht's transom and swim platform. This area can be utilized as captain's quarters or as a sea side cabana complete with its own shower, head and sink.

The upper deck can be outfitted as either an enclosed pilot house or open air bridge.

As with all Marquis Motor Yachts, the 720 is built to comply with CE "A" Classification, the most stringent yacht construction specifications in the world. The new Marquis 720 is not only beautiful and well equipped but it's built to cruise any body of water throughout the world making it a true global-class yacht.
