DETAILED INFORMATION

Remarks

The 43 Cabo carries a stout beam well aft into the cockpit. The cockpit is a well-designed clutter free tournament winning platform. Diane Kay is exceptionally well dressed with a Murray Brothers Helm and Fighting Chair package, Pipe Welders Custom Tower, Eskimo Ice Machine, SeaRecovery watermaker and tasteful interior. She carries additional tournament touches such as EPOH 9 Electric Teaser reels, cockpit controls, gunwale to deck large transom livewell and outlets below cockpit gunwales for electric reels. The 43 Cabo powered with its 800 Common Rail MAN package provides a comfortable 30.5 knot cruise and very respectable range with 700 gallons of fuel. She has a very generous two stateroom two head layout with a mid-ship master and superb V-berth layout offering a single twin bed to starboard with split uppers. The Cabo of this vintage boasts a well designed clean engine room for it's size. There is easy access to a centerline generator, engine oil and fuel filters, pump systems and oil exchange manifold. This is currently the latest model 43 Cabo available on the market and at an excellent price point. There is a lot of nice later model vessel, equipment, engine and technology offered here with low time for excellent value in the mid 500K price range.

Salon

- Large L shaped settee to port with molded fiberglass liner and storage below
- Raised dinette with Teak and Holly flooring to starboard
