SPECIFICATIONS

Overview

Broker's comments

This Sea Water 320 CONVERTIBLE is the most successful model of the Convertible series. On one hand a guarantee of excellent handling, stability, safety and efficiency and on the other the advantage and versatility of a modular layout deck. It's the ideal work boat.

For diving, as a race yacht support tender or in challenging heavy duty work roles, as a passenger and tourist RIB or as a maxi-tender or 'chase-boat', with its amazing performance, handling and robustness, this boat can respond efficiently and flexibly to any task, no matter how demanding, and still preserve the elegance and appeal which makes every Sea Water RIB unique and inimitable.

This RIB has been used as a chase boat and is therefore set up to be towed.
