Yanmar option available. Top speed of boat: 35.67294mph

Manufacturer Provided Description

The Gamefisherman 30 is semi-custom, and built in a center console, express, walkaround or picnic version. A sharp V at entry and flatter aft section produces a very flat ride. The Gamefisherman 30 is constructed of molded fiberglass and Awlgrip painted throughout. It has varnished mahogany trim and a teak floor in the cockpit and cabin. At the helm is a varnished mahogany instrument pod with gauges under glass with chrome ring, and space for electronics. All equipment is mounted for easy service. The cuddy cabin has a rope locker forward and a manual head with Y valve and holding tank. Port and starboard bunks have storage under. In the cockpit are two livewells in the floor and aft bilge access, fighting and helm chair backing plates, salt and fresh water outlets.

Exclusions

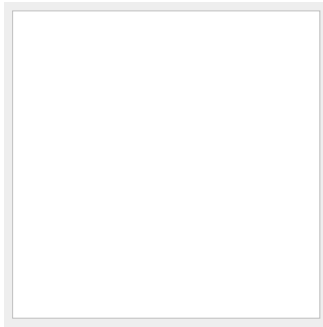

Owner's personal belongings.
