# DETAILED INFORMATION

---

## Dealer Comments

---

Comfort, stability, convenience, elegance, fuel efficiency... This boat has it all. Whether for daysailing or running the Great Loop, the Swift Trawler 34 will perfectly fit your needs. Thoughtful design enables a roomy, accommodating interior that actually feels much bigger than a 34.

While her European styling is a nice feature, it is the hull design that truly makes this boat stand out, yielding the ability to be in a trawler and cruise anywhere between 14 and 18 knots while barely sipping fuel. At wide open throttle she runs at 22 knots while still getting a mile to the gallon, truly setting this boat in a class of her own.

The Swift Trawler 34 is designed for stability in high seas and comfort at anchor, with irresistible proportions, a hull designed to take everything the sea throws at you, and a lot of liveaboard space.

With surprisingly generous headroom and so much space for a 34-footer, the interior offers real room to breathe and a salon that boasts a sofa bed and generous visibility. Onboard comfort that's totally devoted to the cruising lifestyle features two "real" cabins, impressive sound insulation, unparalleled fuel economy, and a full range of clever storage solutions --just to name a few features.

If you are looking for a motor yacht or a trawler that cruises happily at moderate speed, but also has the ability to "get up and go" when you need it, with all the room and stability of a much larger vessel, you need to see this boat!

---

## Inventory

---
