SPECIFICATIONS

Overview

Just reduced \$ 100,000 --- Built by Mirage Yachts in Miami, the 61' is designed by the well known naval Architect David Napier who is the designer behind Bertram. The Mirage 61' is a stretched Bertram 54' with Prop Pockets. Using advanced "3Tex" technology, Mirage kept the boat very light without sacrificing strength. Mirage also bonds hull, deck, stringers, bulkheads, and partisans as well as interior elements to make them monocoque (one piece structure). Mirage is built of vinyl-ester resin to prevent blistering and water intrusion into the laminate structure. With her light weight construction, fast and stable David Napier history, and twin 1800 HP c32 Cats, she has a top speed of over 40 knots and cruises at 26 knots at 1650 RPM burning 37 GPH. She has 1800 gallons for long range. RG

Basic Information

Category: Cruiser

Sub Category: Sport Cruiser

Model Year: 2012

Year Built: 2012

Country: United States
