Fuel Type: Diesel

DETAILED INFORMATION

Manufacturer Provided Description

The Carver 506 Motor Yacht is an aft-cabin motor yacht that offers spacious living accommodations. It does so by virtue of a design that features raised, nearly flush deck walk-arounds that enable the salon to be expanded the full width of the beam. That gives the 506 a wider, roomier-than-expected interior, which Carver has further opened up with one big, inviting room that encompasses the salon, galley and dining area. A free-standing dining table and chairs provide extra flexibility. And the intriguing two-tiered elliptical window configuration offers unparalleled visibility whether passengers are seated or standing - plus, the streamlined windows add to the bold swept-back exterior styling. The 506 offers three main levels for entertaining: the flybridge, aft deck and cabin...all can be fully air-conditioned and enclosed.
