SPECIFICATIONS

Overview

Unquestionably, the Lagoon 410 stands out with a very large bridgedeck saloon, a single-level saloon, a bearing genoa jib and especially a lovely panoramic view from the saloon. True, the deckhouse does have a somewhat massive silhouette but the saloon is impressively spacious with more than 6' 6" headroom even in the galley. Her 4 cabin layout is inviting and luxurious for 8 people. It's obvious that her owner has equipped er with all the necessities for blue water cruising. The Lagoon 410 remains a very popular model not only for Lagoon but all cruising catamaran sailors.

IJPE : 773.00 sq ft I : 45.33 ft J : 14.08 ft P : 48.58 ft E : 18.67 ft Working Sail Area : 759.00 sq ft

Manufacturer Provided Description

Conceived to meet the highest standards, the Lagoon 410 is innovative and traditional at the same time. Naval architects Marc Van Peteghen and Vincent Lauriot Prévost have optimized the 410's performance while providing four double cabins and up to four independent bathrooms,

ensuring everyone's privacy. The standard model includes four cabins and two large bathrooms. The vast galley and living area, which opens directly to the cockpit through a wide, sliding door, maintains the characteristic Lagoon conviviality with a 360-degree vista. The cockpit, well protected by the roof, is the focal point for exterior activities. The portside directly accesses the sea, while the starboard-side table can seat up to ten people. The placement of the helm station at the roof's rear provides a wider view, and by freeing up the rear cockpit, provides more space. In the front, the transverse net provides a superb, secure location for communing with the sea and the dolphins.

Exclusions

Owner's personal belongings.
