## Overview

---

Sweet Babu is ready to go.. She is tugging on her dock lines and ready to take to all your dream destinations.

Professionally owned and Maintained!

The cooling system was flushed, the heat exchanger shop-serviced, and the raw water pump impeller replaced in 2015. The exhaust system has been replaced from the elbow to the transom.

The generator had a major overhaul five hours ago including total cylinder head rebuild and

exhaust manifold replacement.

Don't miss this great boat.. Call Today

## Vessel Walk Through

Entering from the cockpit, we have a choice of a ladder to the flybridge, walking around to the bow or entering the main salon thru sliding glass doors. Having done this, we have boarded one of the most successful inexpensive coastal cruisers ever to reach the marketplace. A great layout for a cruising couple or small family, she also partakes of the legendary Mainship fuel consumption of only 2 gph at about 7 knots. A real plus in today's world. Up on the flybridge, we find a helm and seat for two. Going forward in the main salon we find a lower helm station to starboard and a pass through and counter to port. Down steps the galley is to port and the ample sized head with separate shower is to starboard. The shower has a molded seat. All the way forward is the master Vee berth cabin with a folding pocket privacy door.

## Galley

The very clean Galley is down to port and has everything needed to make the chef happy. Prepare an elegant meal or just a quick snack with ease. Ample counter space and storage make cooking easy.

STOVE Magic Chef three-burner

FUEL Propane

FUEL TANK LOCATION Aft on flybridge deck

FUEL SHUT-OFF Manual at tank and remote 12 VDC solenoid valve

VENTILATION Natural

MICROWAVE Emerson turntable
