### 72' Sunseeker Motor Yacht MASHA II

---

This 72' Sunseeker Motor Yacht, MASHA II, is an excellent example of one of Sunseeker's most popular models, with sleek design, good speed and ample room for entertaining and cruising. This three stateroom model with crew quarters has the upper salon with the portside television area moved to the side to increase the width of the salon. Hardwood flooring here eliminates the possibility of wet and dirty carpeting. The galley area below also has hardwood flooring. Recently updated State of the Art Garmin Series 8000 touch screen electronics, hydraulic swim platform, Yacht Controller, and a gold hull wrap set this boat apart. This is a US documented vessel available for sale to US residents or anyone around the world. This boat was specifically built for the US market with a US electrical system. Owner will consider trades. In the last two years Masha II was UPGRADED with \*\*\*Two (2) New Garmin Series 8000 \*\*\*Remodeled interior entertainment area port side for a wider space to move around. US\$35,000.00 upgrade \*\*\*Iridium last generation Sat phone system that converts five cell phones to sat phones \*\*\*New AC Compressor \*\*\*New Hydraulic Pump \*\*\*New 2016 original Sunseeker steering wheel \*\*\*Flat TV HD all over \*\*\*Overhauled the 4 Toilet systems AND MUCH MORE PLUS IT CAME WITH MANY FACTORY OPTIONS THAT VERY FEW PREDATORS HAVE, SUCH AS: \*\*\*Two separate hydraulic electric helm seats with multi seating positions. \*\*\*Special order wood color in all cabinets and interior space \*\*\*Stainless steel anchor \*\*\*Chrome table supporters

### Accommodations

---

Entering from the wide stainless and glass sliding doors brings you into the custom upper salon. The sliding door has three panels with one fixed but the other two can open, either for one or both. With the powered retractable sun roof the upper salon can be opened for fresh air or closed for high capacity tropical air conditioning. To the right is a large "U" shaped leather couch in light neutral beige with seating for 6 to 8 family and guests around an expandable high low coffee table. Each corner of the table can be folded up to let guests move in and out of the couch area with ease. Additional seating is available with three hassock style seats with internal storage in each. The interior wood is cherry with a satin finish so the boat is crisp and modern in design but still has more of the feel of a yacht rather than a high rise condo. Close by this entertaining area is a U Line 15 bottle wine chiller and U Line refrigerator. The helm station is here with two electric helm seats in soft chocolate leather. These seats have 8 different positions and are mounted on hydraulics for a more comfortable ride. Many boaters like the design of an express yacht so there are no ladders or stairs to a flybridge and all guests are on the same level when underway. The GPS plotters have been updated to top of the line Garmin touch screen including a new Garmin High Definition long range radar antenna. With the Hand held Yacht Controller the skipper

can move into the cockpit or even the bow to operate gear shifts, throttles and thruster making docking a breeze.

## Helm Station

---

- Two Garmin GPSmap 8000 Series touch screen displays with radar, depth and plotter
- Closed circuit television connected to Garmin display
- Simrad AP 25 autopilot control
- Icom IC M602 VHF radio
- Fireboy fire suppression system with automatic engine shut down
- Yacht Controller remote wireless docking control
- Generator start switch
- Remote spotlight control
- Trim tab controls
- MAN digital and analog engine displays
- New Sunseeker steering wheel
- Simrad Digital depth indicator
- Iridium Satellite telephone GO Connection

## Galley

---

A few steps down are the galley and dinette area with speckled brown granite countertops, with enough space for preparing snacks and meals. There is even a dishwasher to clean up after a meal. There is a Sub Zero Freezer and separate Sub Zero refrigerator, not the small drawers but upright size for longer cruising. The cooktop is ceramic with three burners and there is a stainless microwave. Lots of storage cabinets above and below the counters along with extra hidden storage below the dinette seating gives room for ample provisions. The flooring in this area is high gloss oak hardwood. The “U “shaped dinette is located here with room for six. A few steps aft towards the master stateroom are separate washer and dryer units instead of one of the smaller combination units.

## VIP Stateroom

---

Forward in the bow area is the VIP guest stateroom with centerline walk around double berth, fully carpeting flooring, ensuite head with stall shower, individual air conditioning controls, and new flat screen television. The interior wood is soft finish cherry like the rest of the yacht. The head has Black Galaxy granite flooring and counter top with modern bowl style sink.

---

## Guest Stateroom

---

The third stateroom has twin single berths for more versatility with guests. There is a private door to the ensuite head with stall shower. This same head is used as a day head since it is located right off of the galley and has the same black granite flooring and counter tops as the other heads on the yacht.

---

## Master Stateroom

---

Located in the center of the boat for the most comfortable ride this full beam stateroom has a centerline walk around queen berth with storage below. Built in nightstands to each side of the head of the bed provide storage and reading lights. To one side is a small couch and to the other is a vanity with mirror and swing out stool. A recent high definition flat screen TV has been installed. To each side are three large windows to let in natural light with one that will open for cross ventilation on cooler days and nights. Walk in closet with storage drawers and cabinets to all side of the cabin give plentiful storage for longer cruising.

---

## Cockpit and Deck

---

The cockpit with teak deck makes a wonderful entertaining area for family and guests with upholstered seating that warps around from the port side to the stern. A removable seating piece can have the side decks open from both sides or closed for more seating. A high gloss varnished table makes a convenient place for drinks and snacks. There are two safety gates that lead to stairs on both sides to the hydraulic swim platform. A wonderful feature of this yacht is a powered retractable canvas awning that extends aft for shade in the cockpit on hot sunny days. There is even an additional extension to cover almost the entire cockpit when needed. A wet bar with ice maker, sink and grill add to the convenience for guests. The swim platform is hydraulic so if anchored off a beach the platform can be lowered a foot below the surface of the water. Swimmers can step off the back of the boat onto the platform and float off and float back on. No climbing a moving swim platform ladder to get back on board. The yacht was built with a garage for a small tender or Jet Ski (there is no tender on board) with an electric winch to haul into the garage. The air conditioned crew quarters are located here also with two berths and a head with shower. Forward along ample side deck to the bow is another sun pad with stereo speakers.

- Underwater light
- Electric anchor windlass
- Chain locker and fender storage
- Stainless steel bow roller
- Dockside water inlet
- Hydraulic swim platform

- Tender garage (no tender)
- Hull wrap in gold
- Two stern electric docking winches
- Safety gates to swim platform
- Stainless grab rails to fore deck
- Stereo speakers at bow sun pad
- Teak deck in cockpit and swim platform
- Electric retractable sun shade in cockpit
- Hot and cold fresh water shower at swim platform
- Recent bottom paint and prop speed

---

## Engine and Mechanical

---

- Twin MAN V12 Common rail engines 1360 HP each with 1170 hours April 1, 2016
- Bow Thruster
- Fireboy Fire Suppression system
- 24 volt battery charger
- New air conditioning raw water pump
- New hydraulic pump
- Vacu Flush toilets
- Generator in sound shield with 2800 hours

---

## Broker's Remarks

---

The interior yacht shows beautifully both inside and out with woodwork in excellent condition, hardwood floors in the upper salon and galley, teak window blinds throughout the boat, updated Garmin touch screen electronics. Ready now for your summer cruising.

---

## Exclusions

---

Owner's personal belongings.
