DETAILED INFORMATION

Vessel Walk Through

The 455 Motor Yacht offers tremendous space for a live aboard or a cruising family. Boarding is easy on the large swim platform which also offers great storage space. Stepping up into the enclosed cockpit, it is apparent that Cruiser's Yachts expected this part of the yacht to be used frequently. The large lounges and removable tables allow guests to be comfortable, whether moving or still.

The raised helm deck makes maneuvering the yacht exceptionally easy. With the bow thruster and phenomenal visibility tight spaces are handled with confidence.

Entering the salon, the first impression is how open it feels due to the natural light. The galley and dinette are to starboard while a large L lounge is to port. This inviting living space separates the forward VIP and third stateroom from the owner's suite. This layout provides privacy while cruising or for a family living aboard.

The full beam master, located aft, is beautifully appointed with a make-up table and plenty of storage space. The head layout is unique. With frosted glass doors separating the whirlpool tub from the master, it is one of the only yachts this size to offer a tub. The master head is partitioned from the tub, allowing for a larger feel and more privacy.

Forward, the VIP offers an island berth and a separate head with stand up shower. The third stateroom has two twins which can be combined using filler cushions. The third stateroom also houses the washer/dryer combination unit.

When it is time to walk forward, whether docking or using the sun pad, it is easy to do so with the wide run decks and tall bow rail to provide a confident hand hold for adults and children.
