Vessel Walkthrough

Luxurious accommodations include a richly finished cherry wood joinery interior combined with dark espresso Karadon solid surface countertops. The floors are camel colored carpet in the salon and staterooms, teak and holly in the galley, and molded fiberglass in the heads and showers. Aft of the main salon is the master suite with a walk around queen sized bed, an entertainment center with TV and stereo, and en suite head and a separate shower compartment. Forward is the VIP guest suite with a raised pedestal bed, an entertainment center with TV and stereo, and adjacent head with stall shower. Besides being large and functional the open u-shaped galley includes an oversized stainless steel sink with pull-out faucet, recessed three-burner electric cooktop with matching Karadon countertop cover, coffee maker,

microwave/convection oven, and an upright refrigerator/freezer. The salon is open and spacious and features an entertainment center with 24" flat screen TV and surround sound DVD system. Seating includes a thoughtfully designed Flexsteel Mirage leather sofa to port with a pull out bed and a single integrated recliner with end table and storage. Directly across to starboard is a long curved sofa with end table and a solid plank fold leaf table with high-low positioning for both entertaining and dining.

Outdoor entertainment begins at the aft deck with a wet bar, sink and ice maker. The aft deck incorporates a hardtop with an enclosure and wing doors to access the side and fore deck areas. There are molded steps to the bridge as well as to the swim platform, and a sliding door to the salon that comes equipped with a screen. The bridge comes with a new Bimini Sunbrella top and full enclosure. For comfort while cruising there is an L-shaped lounge with storage beneath and removable cushions, a swivel bucket helm seat with flip-up bolster, dual instrumentation, Docking on Command system, Northstar navigation and communication system, and a refrigerator.
