## Overview

---

"JoHo" is a classic 1973 Gulfstar 41, built during the era when fiberglass and epoxy were used generously for notoriously tough boats. She is completely outfitted for world cruising and is perfect for a family, with her two separate heads and two spacious staterooms. She is pretty, with a freshly painted blue hull and well-appointed lines. She has been cruised extensively by her current owners, and they are ready to find her a new home. They completed two trans-Atlantic voyages aboard her, and have outfitted her for world cruising right down to the very fact that she has both 110 and 220 electrical systems.

She's been turned into the "IKEA of cruising boats." Everything has a purpose and a place. The owners are fanatical about function and storage, and have built custom latches, railings, leeboards, and storage compartments so that ocean passages can be completed with ease.

The engine room has a custom workbench, where repairs can easily be done at sea. And the new Lomarine diesel engine (installed in Europe) runs perfectly and takes Isuzu parts, which can be easily found. There are 100's of tools and spare parts, all organized.

The walk-through aft cabin layout of this boat provides privacy and the space of a much larger vessel. These are comfortable and seaworthy, and this one has been equipped to the max.

- **Berths for 6**
- **Water heater**
- **2 Heads with showers**
- **12 V washing machine**
- **Lomarine 40 HP diesel engine**
- **GPS**
- **Raymarine autopilot, depth and wind instruments**

**Sleeps 6!**

**The interior of this boat is clean and comfortable. The galley is to port, of the companionway stairs, with the dinette immediately forward to port and a settee to starboard. Opening portholes allow for ventilation and comfort, and all the living space on this vessel is spacious and generously appointed.**

**There is a private head and large V-berth forward. Moving back to center, a starboard-side walk-through leads back to the aft cabin, which has a double berth and a private head. The engine is underneath the cockpit and is easily accessed through a door in the walkthrough.**

**This is seaworthy boat with a comfortable interior, and will make someone very happy!**

#### **Electric**

- **4 120 watt solar panels**
- **400 watt wind generator**
- **4 deep cycle batteries (440 amp hour)**
