SPECIFICATIONS

Overview

This Mainship is in excellent condition. The owner has maintained it as well as a professional.

The Mainship 400 Trawler is an updated version of the company's popular 350/390 Trawler, with the extra length used to enlarge the main deck salon. She rides on the same semi-displacement hull as her predecessor, with flat aftersections and a shallow, full-length keel. The expansive two-stateroom interior of the Mainship 400 is arranged with an island berth in the master stateroom and single berths in the mid-stateroom, which is partially tucked under the salon sole. A dinette seats four, and the large galley is equipped with a built-in microwave oven, flat-screen TV, and Corian counters. In the cockpit, the straight, molded stair steps to the bridge are an improvement over the 390's curved staircase. For many, the spacious flybridge of the Mainship 400—with its grill, dinette table, and wet bar—is among the highlights of the boat. Additional features include a convenient deck access door at the lower helm, covered cockpit, wide side decks, and high-gloss cherrywood interior joinery. A single 370hp Yanmar diesel will cruise efficiently at 7-8 knots and reach a top speed of 15 knots.

"Sirena" has been well cared for by an experienced owner with complete detailed maintenance records. The owner is willing to let all of the ship's maintenance supplies, spare parts and tools go with the boat. The next owner is going to benefit from all of the attention that the current owner has provided for the boat.

The dingy, outboard and davit lift are also included in the sale as well as the two Kayaks. This Mainship Trawler is ready to go cruising.
