Overview

“Little Paradise” is spacious and comfortable, and is one of Carver's most sought after designs. Her Cummins diesels offer optimum performance and reliability.

There are a lot of different ways to enjoy quality time aboard a Carver 430 Cockpit Motor Yacht. Outdoor enthusiasts will enjoy the comfort of its roomy bridge which seats seven, as well as its foredeck sun lounge and spacious aft deck with hardtop for open-air relaxing. With the wet bar, refrigerator and icemaker entertaining is simple. A large, deep cockpit and large swim platform add to the fun of swimming, diving and fishing. Below decks, the 430 makes everyone feel right at home, with a bright, fully air conditioned cabin plus the luxury and privacy of two staterooms. The master stateroom aft offers a queen-size berth with inner-spring mattress, lighted vanity and convenient direct access to the cockpit. Two head compartments with stall showers provide the ultimate in privacy and convenience. Don't miss this one if you are looking for a cockpit motor yacht with VIP and luxury owner accommodations. Excellent condition inside and out, with fresh bottom paint 2016.

Vessel Specifications

Accommodations The 430 Carver aft cabin flybridge motor yacht has two staterooms with two heads. Both staterooms and bathrooms have solid privacy doors. The forward VIP stateroom is bright with great head room, a single deck hatch, port and starboard port lights and recessed light in the head liner. The double berth is offset and approximately 4'6" x 6'8". Under the bed is deep storage and access to the forward a/c unit. Also, the forward stateroom contains a cedar lined hanging closet and hull side storage. Your guests have their own private head &

Shower stall, and can be accessed from the VIP stateroom or used as a day head and accessed from the galley/dining area. The head is large with approximately 6'3" head room, and a full stand up stall shower with shower door, a vacu-flush toilet and stainless steel sink with hot and cold water. The head has a full fiberglass liner (which makes it easy to maintain) with recessed lights, a port light, a full length mirror, tank monitor gauge and tank watch system along with an exhaust fan. The owner's master stateroom is aft and down three small steps with great natural light, and is equipped with a queen berth approximately 5'3" x 6'7". A great feature about the owner's stateroom is the sliding aft deck patio doors; it gives easy access to the cockpit (great to work the aft stern lines). It also makes it very easy and comfortable to enter the boat when boarding. As the owners, you will have your own head with a sink, stall shower with door and a vacu- flush toilet. The stateroom has a full size cedar lined hanging closet, a smaller storage closet and good storage under the bed. In the room is a full length mirror, a/c panel and a 12" Sharp TV.

Salon From the aft deck you step down three steps into the bright, comfortable salon. The salon has light oak finish, large salon windows that can slide open, and a large salon window forward over the galley with a canvas privacy screen. Starboard side in the salon is an L-shaped salon sofa that converts into a sleeper and has storage underneath. Port side in the salon sits a barrel chair with a pull out storage drawer. The head liner is tight and in great shape and the salon sole has carpet. Port hull side in the salon is the electrical panel, and hull side storage. For entertainment there is a Clarion Stereo with a DC changer and a flat screen Samsung LCD TV.

Galley The galley is down, forward of the salon and is a nice size galley for a 43' motor yacht. The galley has all the comforts of home including a Princess three-burner stove/oven with closing top, a large stainless steel sink with adjustable faucet, a Black-n-Decker space saver coffee maker, Sharp microwave, a full-size Asante refrigerator/freezer and an in-counter trash bin. The galley has plenty of storage with pull out drawers and pantries and a teak and holly veneer sole. Just to the starboard side of the galley is a booth style dining table. Under the dining table seats are large pull out drawers and storage bins. The dining table also converts into a large bed approximately 4'6" x 5'6".

Aft Deck A nice, comfortable aft deck with room for the table and a comfortable chairs. The aft deck is fully enclosed with eisenglass, and covering the aft deck is a fiberglass hardtop. Another fantastic and a very important feature on this comfortable aft deck is that port and starboard sides have solid acrylic doors that close; perfect for protecting small family members and pets. Also, a refrigerator, an ice maker and a cocktail cabinet is conveniently located in one place for spending time with friends and family watching the perfect sunset.

Cockpit A very important part of this 430 carver is the 11'7" x 4' cockpit. In the cockpit sole is storage, on the transom is the transom door. A highlight of the carver is the cockpit patio door leading into the owner's stateroom. In the cockpit is a small ladder leading to the aft deck. Surrounding the interior cockpit are cockpit coaming bolsters and a stainless steel safety hand rail. In the cockpit is 30/50 shore power hook up. Attached to the cockpit is the swim platform which has a swim ladder and a dinghy davit and tender.

Hull And Deck The deck provides comfortable walk around with welded stainless steel bow rail with safety lines. There are stainless steel hand rails conveniently located on the sides of the flybridge. Forward on the foredeck is a removable lounging sun pad. The fiberglass has non-skid, the pulpit is big and has a Maxwell with all chain rode, a Delta anchor and foot controls and helm controls. On the bow rail is the remote light and on both sides of the bow rails forward are double fender holders.

Flybridge

From the aft deck you step up three molded fiberglass steps with hand rail to a well laid out bridge. The bridge is protected with a ½" aluminum tube frame with full soft top. The helm station has three side eisenglass enclosure with curtain windows. The helm is a center console style helm with helm chair, as well as a companion chair, Front of the helm is a triple bench seat facing forward. Under the seat is storage and just forward of the seat is more bridge storage. There is storage under the helm. From the helm chair is very good visibility aft and forward and to port and starboard side. At the helm is a full electronics package including; 1 fuel meter gauge, 2 volt meters, 2 engine temp gauges, 2 water temp gauges, 2 RPM gauges, a remote pad

for remote ray-line bow light, anchor switch, port and starboard engine sync and rudder angle indicator and Clarion radio remote.
