Accommodations

Entering the cabin through the double glass doors and a sliding hatch, you step down

into a spacious salon with a large wrap around couch to port. There are storage cabinets all along the starboard side.

Moving forward you step down to the galley with wrap around dining for five. New upholstery cushions. There are drawers under one of the seats and shelf space in the corners of the wrap-around plush seating. The galley opposite to starboard has lots of counter and cupboard space, with a **NEW Ceran 2 burner Princess cooktop**, a **NEW 1000 watt Emerson microwave**, a convection oven, over/under freezer/refrigerator and in-cabinet coffee maker.

Moving forward is the guest head with two doors to provide access from either the main area or a private entrance from the guest cabin. Inside there is a vanity, **vacu-flush** with shower. The guest cabin features lots of storage and a twin bed with a seat to the left.

The Master Cabin is aft of the salon where you find the **centerline queen berth**. There is a dresser to the left and the headboard has storage inside with a large shelf on top. There is a large double door hanging closet to the right and as you move further in you see the entertainment center at the foot of the bed. The ensuite head is to starboard with a separate full size shower, large vanity and a **vacu-flush** toilet.

Interior colors are modern with light veneers and finishes.

On the Sundeck is a wet bar and easy access, via circular ladder to the swim platform. The swim platform is large enough to store a dingy on it's side and also has a hot and cold shower on the transom.

The flybridge has port and starboard access with a center line helm. All her controls and electronics are within easy reach including a **NEW Garmin's Chartplotter, remote windlass controller**. There are two comfortable armrest chairs. Forward of the helm you have a large bench seat overlooking the bow. There is large storage space in front of this seat and behind the captains bench area.

The bow is wide and uncluttered, with a hatch accessing the forward cabin, while there are also covers for the hatch and windows of the cabin.

Engines

The Caterpillar engines for this Carver 370 have very good access through hatches in the main cabin floor, lifting up the middle one gives ample space to both engines, the gen-set and battery charger. Upon looking in you will notice everything is very clean, the engines have been touched up with paint where needed, as part of their regular TLC, the bilges are very clean, and there is a large platform from which to lay tools and work easily from.

Both engines and genset were recently serviced including new impellers and many new hoses. Also the main through hulls and seacocks are new.

Brokers comments

This Carver 370 is a donation vessel to AMI Kids Foundation. Florida residents who purchase this Carver will pay no sales taxes on the transaction. AMI has done a lot of work to get Joyfull ready for her new owners but there remains some items to be completed. Currently priced below market to reflect the remaining work. Call Mark Newton EYS Broker for further information 813-523-1717.

Joyfull engines look and run great, the bilges are clean and the interior is in very good condition. Overall this is a well designed vessel for live aboard in Florida or perhaps another Great Loop cruise.

2015 work includes new bimini top, exterior window frame paint and galley cushions. New bottom and zincs in 2015.
