DETAILED INFORMATION

Manufacturer Provided Description

The Silverton 41 Convertible features the Silver Service Plan and Marine Pac. Silverton starts by combining the finest designs with the best of modern engineering and manufacturing methods. There are no short cuts. Every inch of the 41's fiberglass hull is hand-laid. Every material is the best. Intelligent utilization of techniques like modular design, standardization, just-in time manufacturing, and economies of scale allow Silverton to lower costs without cutting corners. It also allows Silverton to offer Marine Pac, the largest collection of standard features and amenities in the industry - features you'd expect to find on larger, more expensive yachts. They include luxuries and necessities like swim platforms, trim tabs, bow pulpits, microwaves, anchors, and boat hooks. In addition to the standard features, Silverton keeps boating safety in mind. An automatic fire extinguishing system, life preservers and much more are all standard on the 41. Silverton backs it all up with the Silver Service Plan. It includes a limited 5-year hull warranty, and a toll-free customer hotline.

Exclusions

Owner's personal belongings.
