Fuel Type: Gas/Petrol

DETAILED INFORMATION

Manufacturer Provided Description

The Sea Born SV211 is the new family friendly version of the popular boat SV21 Bay Boat. Flip up rear jump seats are housed under the rear casting deck. These seats are adult sized seats, and the seat bottom flips up to access more storage. We built this boat a little taller with a comfortable 20" freeboard over your standard bay boat for light off shore duty. All lids are fiberglass built using vacuum bagging for superior strength and light weight. All hardware is stainless steel and the forward lids have locking latches. All wells are foam insulated. On the port side of the rear deck is a large insulated well that can be a fish ice box, storage well or as an option, plumbed for a release well. In fact the entire boat is foamed for sound and temperature insulation and unsinkable safety.
