Main Salon

Entering the main salon through a slider with a built in screen door which is a nice feature for cool evenings or when the mosquitoes are buzzing around. Down a few solid wood stairs and you are ready for relaxing or entertaining. The salon is spacious and inviting, with a LeatherCrest settee on the port side has two built in recliners, and there is more than sufficient room to recline and still allow passage through the salon. A series of lockers above the settee provide a surprising amount of stowage. Against the aft bulkhead on the port side is the AC/DC distribution panel in a dedicated locker. Entertainment in the salon is provided by a flat panel TV with DVD player and Bose surround sound stereo system.

Galley

The fully furnished galley offers plenty of room to prepare meals. Sure to satisfy everyone that comes aboard! The galley offers a surprising amount of stowage and workspace for a medium size express cruiser. A granite countertop with extruded lip and matching backsplash contains a stainless steel sink, and major appliances include

an electric 2-burner cooktop, 7.4 cu ft refrigerator and freezer, microwave oven and powered exhaust vent system.

Master Stateroom

The elegance comfort and sensuous lines of the yacht are also found in the forward cabin with a queen island berth. A mirrored bulkhead with reading lamps, two portlights, and an overhead hatch eliminate any tendency for this compartment to seem dark or confining. A hanging locker is to port and LCD flat screen color TV. The master stateroom has a private head.

Aft Guest Stateroom

The Guest Cabin is aft of the salon through with a full size pocket door, not a sliding curtain that you find in most boats. A very versatile arrangement allows a matched pair of twin berths to be converted to a single queen. The "day head" is located in the aft stateroom, where it is particularly convenient for overnight guests.

ENGINE ROOM

You can gain access to the engine room through a day hatch. For complete access there are electric rams that lift the cockpit to give you all the room you need. With the cockpit open you have plenty of light and room to service the engines. The engine room is well laid out with neatly secured wiring and accessible batteries. Even with the generator there is still plenty room to spare.
