FEBRUARY 2016 UPDATES: New Bottom Paint, New Zincs, Just Waxed & Detailed

With only 350 hours on each of her Cummins QSC 600 diesel engines this is a "MUST SEE" when considering your yachting options.

This 39ft Tiara Convertible is ideal for a fishing trip or cruising with a small family or friends. At just under 40ft with a 14ft 5 in beam, fully loaded and in "like new" condition, it leaves open many possibilities for the new owner.

In the salon, there is plenty of seating room on the port side and with custom storage cabinets to starboard in place of the traditional table and sofa. The upgraded interior features Corian countertops (fossil), and sun fabric (indigo) on the sofa and bunks which also covers the walls to add an incredibly clean look to the interior of this yacht. The custom forward windshield window adds light to this spacious interior. Enhanced by a Bose Lifestyle sound system it's a perfect place to entertain guests.

The galley offers a stainless steel sink, a 2-burner Euro-Kera range, and Sharp convection oven, exhaust fan, as well as plenty of storage in the cabinets and pullout drawers and lockers. Also included is the upgraded 2-drawer Sub-Zero fridge/freezer which refrigerates on the inverter.

The queen berth in the master stateroom has extra storage underneath the bed and the twin bunks in the guest stateroom provide comfortable sleeping arrangements for a total of 4 guests. Both staterooms offer wall-mounted TVs and also include a shared well-appointed shower room with marine head.

Outside, the cockpit of the boat features a custom sunshade, custom bench seat with cushion, and a transom door leading to a swim platform with full custom stainless steel swim ladder with hand rails. Additionally, there is a custom engine room access hatch with seat cushions and a bait freezer along with all the other standard Tiara equipment. Also included, is a remote control for the Clarion radio system and underwater lights.

The fly-bridge has been fitted with the RayMarine electrics package, side-mount controls, hardtop with spotlight, engine synchronizers, 12v and 110v outlet, Clarion sound system and plenty of seating. It is a great place to entertain while running.

- Fiberglass head and acrylic shower door
- Full stall shower

Manufacturer Provided Description

Everything about the athletic, seaworthy Tiara Convertible is dedicated to fishability. The modified deep-V hull design and distinctive sheer line carve seas cleanly for performance and control. Wide-open, well-equipped cockpits keep all your bait, tackle and gear close at hand - and low freeboard gets you close to the action. Below deck, fishability meets livability. Living quarters are comfortable, functional and beautiful - with plenty of room to store gear. Engine rooms are well thought out for easy maintenance. At the helm, single-minded instrumentation, expansive sightlines and spreader lights make it easy to back down on a tournament winner or dock stern-to with your catch.

Exclusions

Owner's personal belongings.
