Overview

Northeast Freshwater Kept Until Late 2014, Then Kept Undercover Since in FLA!

490hrs on the Upgraded Cummins 480hp Engines, Hydraulic Swim Platform, Beautiful Black Hull

Joystick Docking and Skyhook Position Holding

This model was called a 43 in 2009, then called a 47 2010-2015 and is the same boat. It features a 2 stateroom 2 head layout and has an enclosed front windshield.

Unlike the other enclosed windshield models, this 43 has many vents and openings that allow the free flow of air into the helm and cockpit.

This is the most nimble and fuel efficient 2/2 layout vessel you will find in this range, with reliable Cummins engines and Zeus Pod drives with Joystick docking, maneuvering is a breeze!
