SPECIFICATIONS

Overview

The 400 SS has redefined the high performance express cruiser with the agility of a true performer and top speed of 60 mph provides captain and crew an exciting ride.

On Formula Super Sports the fun centers around the cockpit lounge and integrated wetbar — a natural gathering place to relax, refresh and enjoy. The lounge and table also form a sizeable sunpad, and the aft facing lounge seat also converts to a lay-down sunpad at anchor. Other special Formula features include individually adjustable, double-wide helm seating and steps leading through the center walk-thru windshield. Smoothly finished storage units are built in for fenders, water toys and personal gear.

Super Sports deliver exhilarating speed and agility with the same hull configuration and offshore construction as Formula's high performance FAS3Tech powerboats. Formula technology continues to advance with remote white/blue LED cockpit lighting, LCD HDTV/DVD upgrades, separate audio tweeters and iPod/MP3 ports, and in 370 SS and larger models, chartplotters are standard. Super Sport cabins excel in creative features and beautiful décor selections. Rich, American Cherry woodgrain-finish flooring is standard. High-gloss, Deep Cherry finish cabinetry, solid wood tables and wonderfully comfortable Ultraleather lounges, along with attractive décor pillows and draperies, complete each smart interior. On the exterior, adding an exclusive Imron Designer Graphic further distinguishes your Formula.

Basic Information

Category: Cruiser

Sub Category: Express

DETAILED INFORMATION

Manufacturer Provided Description

The 400 SS has redefined the high performance express cruiser with the agility of a true performer and top speed of 60 mph provides captain and crew an exciting ride.

On Formula Super Sports the fun centers around the cockpit lounge and integrated wetbar — a natural gathering place to relax, refresh and enjoy. The lounge and table also form a sizeable sunpad, and the aft facing lounge seat also converts to a lay-down sunpad at anchor. Other special Formula features include individually adjustable, double-wide helm seating and steps leading through the center walk-thru windshield. Smoothly finished storage units are built in for fenders, water toys and personal gear.

Super Sports deliver exhilarating speed and agility with the same hull configuration and offshore construction as Formula's high performance FAS3Tech powerboats. Formula technology continues to advance with remote white/blue LED cockpit lighting, LCD HDTV/DVD upgrades, separate audio tweeters and iPod/MP3 ports, and in 370 SS and larger models, chartplotters are standard. The MerCruiser Axius joystick drive system is offered for easy maneuvering in tight quarters and while docking. Super Sport cabins excel in creative features and beautiful décor selections. Rich, American Cherry woodgrain-finish flooring is standard. High-gloss, Deep Cherry finish cabinetry, solid wood tables and wonderfully comfortable Ultraleather lounges, along with attractive décor pillows and draperies, complete each smart interior. On the exterior, adding an exclusive Imron Designer Graphic further distinguishes your Formula.
