- **LARGE COCKPIT FOR EASY CATCH AND RELEASE TROPHY SPECIES**
- **GEL COAT SHINES LIKE A DIAMOND**
- **PERFORMANCE, STYLE, LIVABILITY**
- **STELLAR CONDITION, METICULOUSLY MAINTAINED**

OVERVIEW

Entering the salon, the L-shaped Ultra-Leather settee is immediately to port. The living area is on one level that includes the salon, galley and dinette. Berths are located down two steps.

Owners cabin is forward with a double berth and a private head. Cedar lined closets, cabinets and drawer storage offer an abundance of storage.

Aft to port and starboard are the guest staterooms. The port has twins and a filler that will make it a double and has private access to the guest head. The starboard side guest stateroom has an athwartship double berth for two and the optional stacked washer and dryer.

The molded in staircase with hand rails gets you onto the air-conditioned flybridge with seating for eight and a fully equipped helm station. The EZ2CY center panel and enclosure is crystal clear. The helm chairs and all cushions look new.

The roomy cockpit has a gourmet grill, sink, hot and cold shower and a tackle station. Perfect for fishing offshore with your buddies or bottom fishing with the kids. Transom door leads to a nice size swim platform with a built in ladder, making it easy for your family to enjoy water sports, getting into the water and back on the boat.

The vessel is washed and waxed on a regular basis and the gel-coat has a high gloss shine.

Vessel shows extremely well. Vessel has been meticulously maintained by the original owner!
Easily viewed in Fort Lauderdale.

Exclusions

The tender does not go with the boat.

Personal items do not go with the boat.

BROKERS REMARKS

This is a nice boat to spend time with your family and friends. Not a hard core fishing machine, but your family will love spending weekends together and enjoying the comforts its luxurious interior offers.

The owner spent time deciding on the best features that were user friendly. The upgraded electronics with the optional 6KW Radar will show birds on a smooth day, Simrad NSE 12, MFD, was installed approximately 2014. Structure Scan is impressive for sea bottom imagery, just to name a few.

Owner has taken great pride in its condition during ownership. Always used synthetic oil and the last bottom job was during July 2015. Boot stripe was also re-painted during that haul-out. Washed and waxed regularly. Bridge enclosure is crystal clear and the gel-coat shines like a diamond.

Summer is here. Bring your bathing suits, toothbrushes and cast off to the Bahamas or the Keys!

"BOUT DOG GONE

TIME"
