### Accommodations

"Gertrude" Classic design provides a spacious comfortable interior. With a beam that is close to 14' and headroom of 6'6" this boat provides room that is usually found on larger boats.

Once you've descended from the cockpit and enter the salon you'll notice the large U shape fully equipped galley to starboard. The galley shape allows plenty of room for food preparations and storage, while providing an area that makes it safe to prepare food underway.

Forward of the galley is a large settee with a table for six that can be secured away when not needed - also the table and settee can be converted into a large double berth. The color scheme of off white cloth cushions and wood trimmed walls and fixtures makes it a very pleasant place to be.

Across from the settee is a full lounge- which can double as a single berth, adds to the entertainment value. heading forward is a small bar area which occupies space above one of the two 12k recyclable air conditioner/heater.

You are now at the junction where you can either enter the V-Berth stateroom or pass through a separate door that leads to the forward head. This head is also accessible from the v-berth through another door.

Turning and making your way back through the salon you encounter the Chart table with the navigational equipment where you plot your course to faraway places.

Leading down the passageway behind the chat table is a large work and storage area. It is directly across from the two door access to the engine room. Which is large and uncluttered.

Continuing to the Aft stateroom you view an airy bright cabin with a small built-in vanity table, drawer space and the entrance to the master suite head that contains a full separate stand-up shower.

## Galley

Galley:

- Hillerange 2 burner propane stove w/oven
- 2 - #10 propane tanks
- Adler Barbour 12 Volt Refrigeration
