Fuel Type: Diesel

DETAILED INFORMATION

Overview

The Tiara 36 Sovran is a much larger boat than you might expect. Even though she is tagged as a 36, she is almost 42 feet overall with a generous beam of 13 feet. This vessel has a spacious layout with lush teak interior, teak and holly sole, Ultra Leather upholstery, Corian counter tops and rich teak cabinetry. Entertainment equipment includes **SAT TV**.

The master is forward with an island berth and privacy door. In the salon, there is a settee to port which converts to upper and lower Pullman berths and a dinette to starboard with adjustable table. The head is located aft to port side. The layout is very open and comfortable.

The upper cockpit is equipped with a **dedicated Air Conditioning system**, hardtop with glass on three sides, 2 overhead hatches with Ocean Air covers, **updated electronics**, helm seat to starboard, L-shaped lounge to port, and a custom drop curtain. There are aft facing cockpit seats and folding transom seats and table. The engine room is accessible through a day hatch and the entire upper cockpit deck can be raised with an electric lift system. There are port and starboard transom doors to the swim platform and a very large storage trunk in the transom that also opens with an electric lift.

There is a stainless steel bow rail, foredeck sun pad, electric windlass with a stainless steel anchor and all chain rode, and a remote control spotlight.

Seareenity is completely outfitted for long range cruising but easily managed for lunch cruises. She is maintained in "ready to go" condition, ready for her next owner!
