SPECIFICATIONS

Overview

This Yellowfin was used as a yacht tender. Equipped with coffin box, new Garmin Electronics, 3 New Rigid Industries Spreader Lights, Two New Icom VHF Radios, JL Stereo New outriggers, a tow eye etc etc... This is the best deal on the market for a like new 32.. She was completely rewired in July 2016 and received new Batteries! New Yellowfin under gunnel carpet October 2016. This 32 is loaded and ready to cruise. The current owner has taken much pride in the vessel and does not have the time to use her much, so they have decided to offer her for sale. Recently completely engine services and a complete detail, she is ready for the next owner. Jaw-dropping speed and agility come together with the highest level of fit-and-finish and construction standards in the industry. Simply creating a boat that outperforms everything in its class, the 32 tracks and cuts waves better than most much larger center consoles yet provides handling like what you'd expect from a high-performance skiff. This near-perfect blending of form and function gives fishermen the ideal platform for chasing everything from striped bass or tarpon along the coast, to blue marlin on the rip, and everything in between. **TRADES CONSIDERED!**
