# SPECIFICATIONS

---

## Overview

---

There are a number of reasons that Meridian's 391 has been a home-run design on both the new and pre-owned market for many years. It's very difficult to pack 50-60' yacht features into 40'- almost impossible- without compromising something major, however Meridian has done it. If you are in the market for a feature-rich pocket-yacht, consider these important features not found in the competition:

- One-owner boat purchased new in Maryland- never a South Florida vessel
- Low-hour Cummins diesels as well as a bow AND stern thruster
- Bridge seating for eight that is accessed by molded-in steps
- Walk-in engine room access
- Two large staterooms with two full-size beds- not a tiny bunkroom for guests!
- Wide-open salon with 360 degree views of the water from every seating area and pull out sofa bed and convertible dinette
- Split-head design with separate shower and two vanities
- Smart Craft, Radar, Auto Pilot
- 3' 9" Draft
- Very Low Hours

19<sup>th</sup> Hole's loving owners are moving on to other endeavors and expect her to be the next 391 sold. She's in excellent mechanical and cosmetic shape with every option one would want and she's ready to show at The Wharf Marina in Orange Beach, Alabama.
