Hull Color: White

Engine Information

Engines: 2

Manufacturer: MAN

Model: D2840LE401V10

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Description

Northern Spirit is a well maintained yacht by all standards. It exceeded my expectations when I visited the yacht in downtown Vancouver. The light maple woodwork is amazing. It adds a great feeling of open, comfortable spaces.

The country kitchen offers space for creating cuisine to satisfy the most demanding palate. The dinette is a great space for relaxing and having casual conversations. The large windows offer tremendous lighting and visibility.

The cockpit is spacious and makes a great area for water sports, fishing or whatever the imagination can conjure up. The flybridge is spacious and offers plenty of room for sunning, relaxing and entertaining.

Northern Spirit went through a total refit in 1999/2000, which included new machinery. In 2016 this yacht had a complete cosmetic refit including carpeting, furniture, softgoods both interior and exterior, major mechanical servicing, bottom paint and zincs. The adventures are awaiting you. Northern Spirit is how you make those adventures happen.

Accommodations

Northern Spirit has a typical four stateroom, raised pilothouse motoryacht layout. The main deck consists of the spacious country kitchen forward. The galley is open, light and very comfortable. The dinette offers room for casual meals, coffee in the morning or as a casual entertaining space.

Stairs leading down and forward lead to the crew area which consists of V-berths for two, large head and shower and a large pantry.

Aft of the country kitchen is the stairway leading down to the staterooms and stairs leading up to the pilothouse.

Next heading aft is the dining salon and main salon. This space is very large and open. There is a bar to starboard. The maple woodwork is very pleasing and creates a relaxing comfortable atmosphere. The furniture is all freestanding and easily changed or moved. The large windows offer great lighting and add amazing visibility from anywhere in the room.

Aft of the salon there are stairs leading down to the cockpit. The engine room is accessed via the cockpit. The lower deck staterooms are accessed midships on the main deck. The VIP is forward. It has a queen berth, full sized head and shower and

closet space.

Heading aft there are two guest staterooms on either side of the hall way. Starboard has a queen berth with a large head and shower. Port is over and under bunks with a large head and shower. This guest stateroom doubles as an additional crew stateroom if needed. There is a washer and dryer in this stateroom.

The master is aft and midships. The large open room has a queen berth, large head and a tub/shower.

The engine room is aft of the master.

The pilothouse is accessed via stairs on the main deck between the galley and the dining salon. From the pilothouse there is access to the flybridge. The flybridge has comfortable seating for a large group, Boston Whaler, BBQ, Refrigerator, Davit, hydraulic arch for low bridge clearance and lots of deck space.

Electronics

- VHF - Icom ICM504 plus 2 Icom M126 DCS
- Radar - Furuno
- Computer - Acer PC running Nobletech Admiralty Navigational Software
- Autopilot - Simrad (2014)
