Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Yanmar

Model: 6LY

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Manufacturer Provided Description

Created in the tradition of the 38 SFX Convertibles, the 33 SFX is Phoenix Marine's response to sportfishermen who require interior comfort and cruising amenities in a serious fishing machine. A generous 114-square-foot cockpit with transom door is appreciated by sportfisherman. Phoenix engineers have spent hours cruising and fishing to create a large flybridge that affords excellent visibility while providing space for electronic gear. The flybridge provides a console that will house a complete array of built-in electronics. Phoenix Marine's exclusive air induction system provides fresh air for both the flybridge and the cockpit. The salon, with its rich fabrics and bright laminates, is coupled with a galley and a master stateroom. With Interior Plan 1, the roomy salon has a large, convertible dinette to port and an L-shaped lounge to starboard providing comfortable seating for even the largest parties. By night, the salon can be transformed into a spacious sleeping cabin with generous accommodations for four adults; combined with a master stateroom forward, this makes the Phoenix 33 a true six-sleeper. Interior The stateroom's island berth provides plentiful drawer storage below and two, full-length lockers. The 'home-sized' galley offers a refrigerator - freezer, stove and deep, two-level, molded fiberglass sink. The use of natural lighting, mirrors, pleasant colors and a separate stall shower with seat make the head and lavatory area of the Phoenix 33 SFX feel like that of a motor yacht. With a full 13-foot beam, the 33 shows refinements in Phoenix Marine's already proven hull design, from propeller pockets to a standard molded fiberglass bow pulpit.

Exclusions

Owner's personal belongings.
