DETAILED INFORMATION

Vessel Walkthrough

This state of the art 2013 54' Sport Coupe by Cruisers Yachts is in outstanding condition and has many upgrades. The two master staterooms with their own heads with separate shower stalls provide spacious accommodations. The large salon features a huge ultraleather couch, beautiful cherry wood cabinetry, and large, fully equipped galley for all the comforts of a high end condo. The couch makes into a full size berth for extra sleeping accommodations. All stainless steel galley appliances, Corian countertops, and rich cherry wood create a very upscale feel. Above decks is a world class spacious open cockpit with seating for 12-14 adults. The enclosed helm, created by the joining of the hardtop and windshield, provides excellent visibility and air conditioning. The walk-through windshield provides safe and easy access to the foredeck.

Two 16,000 BTU Marine AC units provide a climate controlled cockpit that is comfortable year round. The "summer kitchen" consists of an electric grill, icemaker, refrigerator, and wet bar area to starboard and a huge dinette with large cherry wood table to port. The cockpit TV hides away when not in use. A large sliding glass sunroof allows lots of fresh air on those days when you want to open it up and feel the outside come in.

Powered by Triple Volvo Penta IPS 600 diesel pod drives, this 540 Coupe is a 42 MPH Rocket Ship! She cruises at around 34 MPH and is surprisingly fuel efficient. Joystick docking makes handling in close quarters a breeze. She is completely equipped with navigation gear by Furuno and includes HD Radar, IPS integrated Autopilot, Color Plotter, Sat Weather, VHF Radio.. On the transom you have underwater lights with a fun fold out rumble seat and an expansive hydraulic swim platform that handles your tender or jet ski with ease.

Manufacturer Provided Description

When designing the 540 Sports Coupe, Cruisers Yachts engineers had a problem. The left side of their brains wanted convenient features like an enclosed cockpit, walk-thru windshield and power sunroof. But the right side of their brains wanted luxurious touches like additional portholes below deck, a finely appointed galley and rich cherry wood interior. In the end, they came together and created a singular yacht intended to please the mind, body and soul.

Accommodations

The roomy forward stateroom features a large double berth, ample storage and private access to the forward head with shower. The master stateroom lies amidships, through a private door located to port of the main companionway. This unique living space is unparalleled in express yachts of this size. An island berth provides the sleeping accommodations; the suite also includes a private head with shower as well as plenty of storage for longer cruises. And, the 6-

foot, 6-inch headroom throughout adds to the stateroom's roominess. The enclosed cockpit features a walk-thru windshield for safe and easy access to the foredeck. Added conveniences include transom rumble seating, cockpit grill and a range of seating adjustments. It can be arranged as a large crescent around the hi-low table, split to provide a second access to the swim platform, or the table can be lowered and act as a comfortable lounge with added cushion.

Standard Equipment

- Generator 15.5 KW, w/SS
- Air Conditioner & Heater
- Anti-Fouling Bottom Paint
- Battery Charging System
- Central Vacuum System 120V
