## Overview

---

This design is typical of Italian class and style. Conceived by Stefano Righini with separate interior designer it combines to make a statement that is bold and unique. This is a very spacious boat and with its flowing curves and lines it is a real eye catcher. There are no sharp corners or harsh edges on the 62 Azimut. On the Flybridge there is a huge sunpad where your guests can still enjoy the space but keep you company at the helm. The sunpad can convert to a seat back and creates room for up to 8 adults for dining. This bridge makes for a great entertaining area and makes it easy to prepare anything from light refreshments to al fresco meals with a BBQ grill, ice maker and sink. Aft of the seating area there is a davit with space for a tender. The previous owner of this boat has spent a fortune putting on a hydraulic swim platform where the tender now sits. The foredeck has a huge sunpad and is easily accessed via a wide walk around deck with extra high rails for safety. With a top speed of 32 knots and a range of 440 miles at 27 knots cruising it makes for a great all round boat capable of both family and entertaining use. Inspection by appointment only.
