# DETAILED INFORMATION

---

## GENERAL FEATURES AND LAYOUT

---

White powder-coated metal supported laced T-Top made of White Stamoid. Zipper opening in the center gives access to upper helm station to either stand on console top or sit on the cushioned upper bench seat with backrest. Full helm has tiltable wheel with cheater knob, Merc control binnacle, Garmin 12" touch-screen, start/stops, and you can just reach down to the radio box for remote Mic Vhf and Stereo head.

Forward is a full-sized heavy insulated Coffin-Box with cushioned top and electric lift to access huge fishbox below. Canvas covers for the forward outboard below gunwale shelves. Entire boat has white coaming pads and a recessed anodized aluminum grab rail around the bow sides. Forward anchor locker hatch houses a secured Fortress anchor and rode. Fold down bow running light fixture and pop-up cleats. Below deck hatches to either side of centerline have white gasketing and positive catch latches. Another large square below deck hatch forward of the coffin box has gas shocks to assist opening and insulation.

Forward seat on the console has white cushions and 3 rod holders to either side. It opens upward to access a large storage compartment beneath the console which has a laminate teak & holly sole. This lift hatch is properly gasketed and manageable with 2 large gas shock lift assisters. Inside the console are the Vhf radio base and access hatches to the back of the electronics and stereo power amps. The console itself has a white canvas framed 3-sided enclosure with forward center U-zip roll-up panel. To either side are roll up enclosure wings which fasten in down position to the gunwale.

The helm has a tilting polished stainless helm wheel with cheater knob, and the panel houses two 16" Garmin multi-function 76-series displays. The helm rocket launcher bench seat has alternating rod & drink holders along the top and a white powder coated grab railing just behind. This custom console has the rear seating portion deleted to add deck space to the cockpit area (a noticeable difference). The live well which is typically seen beneath that aft seat is on this boat is a removable deck mount well with sea-water in-out connections at the base of the console. The back side of the console has a fold-down cutting board, starboard tackle drawers & cabinets below, as well as Plano box storage racks. Also in the cutting board area is a stereo remote control panel and a DC electric reel outlet (perfect for your kite reel). In the transom is a clear Lexan topped live well and eight rod/drink holders split to either side. A custom aluminum and starboard rigging/fish cleaning table securely fits into the rod holders above the livewell (still allowing full access). Under deck is the large lazarette hatch with a custom removable starboard shelf allowing bucket & extra gear storage. Also in the aft corners of the cockpit the cabinets are deleted and the trim tab control units have been re-located into the lazarette bilge space (cabinets have been replaced by JL Audio speakers). There are fresh & saltwater washdown coil hoses to either side

midships beneath the gunwale and also two more electric reel outlets are here

---

## ELECTRONICS AND HELM

---

Two Garmin 7616 multi-function touch-screen 16" displays (new 6/15),  
GPS/Chartplotter/Radar/CHIRP depth recording (with Side VU and Down VU)

Garmin 12kW open-array radar

Garmin Autopilot (new 6/15)

Garmin 640 GPS/Chart backup

ICOM M504 Vhf radio (main head under console) with 1 Command Mic full function  
remote (connections at both helms) & 1 standard mic. Black antennas.

Spot Trace security / GPS tracking system (new 6/16)

SmartCraft Vessel View digital display panel for Engine data

C-zone Ships Systems digital control panel (new 5/15)

5" magnetic compass

Garmin 7212 Multi-function touch-screen display at upper helm

12-volt lighter plugs at both helms

Fusion MS-IP700 Stereo System (CD/SatRadio/AM/FM/Bluetooth) with main unit on  
overhead box and remote control panels at main helm and in cockpit in tackle center.  
JL Audio Speaker System featuring 6 SubWoofers, 12 Full range, and 2 Tweeters plus  
three poweramps and a dedicated battery system. Lower helm has extra audio input  
plug.

---

## FISHING EQUIPMENT

---

Taco Grand Slam Radial outriggers with 18' Carbon Fibre poles with internal line pulleys

3 fish boxes are insulated and macerated

Electric reel outlets (2 under mid-ship gunwales, 1 in tackle center)

Transom Live well and connections for additional deck live well (both with separate  
pumps & thru-hulls)

Rod Holders: 3 on bow behind Anchor locker; 3 (spaced) on each side of bow; 5 on

each side of cockpit from console back to transom; 4 on each side of transom livewell (27 total on cap)

Rod Holders: 7 white powder-coated along aft edge of T-Top; 4 white powder-coated on backrest of upper helm bench; 4 on top panel of lower helm bench (plus 3 drink holders); 3 storage rod holders to either side of forward bench seat (15 total inboard + 6 storage)

Custom rigging/fish cleaning table with aluminum frame/legs with gimbal mount into aft rod holders (the right height allowing livewell access and comfortable working - drink holders on sides). The legs also fold up allowing storage of table inside a deck hatch.

## **HULL, DECK, AND MECHANICAL/ELECTRICAL EQUIPMENT**

---

The hull is White without bottom paint and there is a hull wrap on the boat which was new in late 2013 (hull has been wrapped since new). White rub railing with white insert. All cushions are white and there are new cushions for the lower helm bench seat on order from Yellowfin. There are also various covers included.

Fresh and Salt water washdown spigots with coil hoses/nozzles under gunwale port & starboard

All deck hatch lids are gasketed

A retractable step, single shaft swim ladder is in the starboard aft corner just above the waterline

Whale Gulper Grouper Maserator pump with manifold to empty fish boxes (new 3/16)

Two ShurFlo 2000 live well pumps on separate thru hull fitting (pumps new 6/16 & 1/16)

Two Rule 2000 automatic bilge pumps in aft bilge

LED cockpit spreader lights on T-Top

LED running lights

White LED under gunnel lights

Four Blue LED underwater lights (two facing aft, two facing down)

Five Odyssey 31 batteries (1 for each motor, 1 for house, 1 for stereo)

Two DeltaVolt Dual Pro PS3 Battery Chargers with 110v inlet (standard extension cord) for shore connection

---

Triple 300hp Mercury Verados (as of 6/20/16: 888/886/870 hrs) Starboard motor got a new powerhead at 500 hours. SmartCraft VesselView digital data display. Extended Mercury Warrantee Protection - Platinum Coverage - Zero Deductable - until 8-1-2019. Key switches are located inside helm console. Start/Stop switches at both helms. Additionally boat has lower unit locks and prop locks

## COMMENTS

---

If you are looking for a fishing machine which has benefited from knowledgeable rigging and care, you've found it. Speeds quoted are accurate and the sound system needs to be heard to be believed.

## Exclusions

---

Owner's personal belongings.
