## Overview

---

This new-to-market 2015 Yellowfin 42' is the newest 42' currently available. Why wait over a year to spend \$100,000 more when you can have this one today? Mi-C-Shell was built by a very knowledgeable owner and captain and has been captain and crew maintained since new. This 42' has been equipped with every option you need and nothing that you don't. Featuring Yellowfin's legendary ride and performance you will undoubtedly be impressed by the speed and fuel economy that this wave-crushing offshore fishing machine is capable of. The 42' is the perfect model to those looking to move up from smaller center consoles to something with more comfort for the whole family, or for those moving down from larger expresses or sportfishermen who don't want the maintenance of inboard diesels and large boats but still want to ride and fish in comfort.
