Accommodations

Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 3

Manufacturer: Mercury

Model: Verado

Engine Type: Outboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

The Ultimate Fishing Machine

Serious fishermen have long sought the perfect boat to conquer wind, wave and weather and to give them the steady ride necessary to comfortably handle long hours at sea. The answer has come from the same exacting specifications demanded by military and law enforcement departments around the world. The boat tough enough to be chosen by these mission oriented agencies is Midnight Express, which has now also become the choice for successful anglers from the Florida Keys to the Baja.

The Midnight Express 37' Open Fish is fast, powerful and runs on an exclusive twin stepped hull that is remarkably efficient and a real fuel saver. Count on it to outperform all other stepped hulls in comfort and handling. An industry leading 11' 6" beam gives this solid performer a rock steady ride and a solid roomy fishing platform. Tournament winners praise the Midnight Express 37' Open Fish for its dominance over offshore conditions, as well as its perfectly arrayed deck layout for finding, catching and bringing home the fish.

Few other boats can get you to the fishing grounds faster, and few others are tough enough to get you out of the harbor on days the other guys are skunked by the weather. It's all in the ride, and no one yet has been able to duplicate the exclusive design and engineering of a Midnight Express hull.

Standard Features
