SPECIFICATIONS

Overview

"Dolphin" was Re-powered with a pair of 300 hp Mercury Verado Outboards that replaced her inboard diesel IO's in the winter of 2012. She was also awl-gripped with "Stars & Stripes blue" in 2012.

As the builder says "The yacht that brought together the words pretty and power catamaran is now available. For the cruising couple, she delivers an ideal combination of size and ease of use, with unmatched levels of ride comfort and fuel efficiency."

Thinking about the "Great Loop"? Take a look at this boat.
